

Course Details - AUR20520 Certificate II in Automotive Servicing Technology - Cornerstone College

AHSPs Title	Automotive Servicing Technology		
Qualification	AUR20520 Certificate II in Automotive Servicing Technology		
RTO	TAFE SA (National Code 41026)		
Host Organisation	Cornerstone College		
Course Length	To be confirmed		
Course Description	<p>This course has been designed to prepare students who are interested in cars and want to know more about how they work. This course provides you with practical hands-on experience of how car engines work and the requirements needed to work in a safe work environment. The course is delivered at Mount Barker TAFE SA where students have access to a fully functioning workshop. Some of the activities encountered will include using and maintaining tools and equipment, testing and charging batteries and servicing braking systems. This qualification reflects the role of individuals who perform a range of servicing tasks in the automotive retail, service and repair industry. Information provided about this course may be subject to change.</p>		
Pathways	Automotive Serviceperson / Apprenticeship into Certificate III in Light Vehicle Mechanical Technology (if employer available)		
Entry Requirements	<p>Genuine interest in the Automotive industry and sound literacy and numeracy skills. Successful completion of the Automotive Taster course is highly recommended. Successful completion of the VET Readiness Orientation (VETRO) process in Semester 2, 2023, will be required to access this course under a subsidised training contract (VFSS). Students will undertake the VET Readiness Orientation (VETRO) process in Semester 2, 2023 via a referral process completed at their Home School using an online form. Once the Home School has completed the referral process, students will be required to undertake a Snapshot Reading and Numeracy Assessment to demonstrate sufficient literacy and numeracy ability.</p>		
Other Requirements	<p>Students are required to purchase the following Personal Protective Equipment, to be used at ALL times in the workshop:</p> <ul style="list-style-type: none"> - Steel capped boots - Cotton long sleeve work shirt and pants - Safety glasses
